to make a long story short oregon s out of easy water so begins this timely look at how water is managed in oregon rick bastasch s in depth examination of oregon s water law and water issues provides a compelling often provocative perspective on a major environmental issue in the american west the region s diminishing water supply starting with answers to the questions of where oregon s water comes from and how much there really is the oregon water handbook explores how these water resources are used and what that has meant for oregon its people environment and economy bastasch offers thorough yet accessible explanations of a variety of water issues and controversies bringing focus and clarity to a murky complex subject the book also features a comprehensive index to oregon s water laws a detailed listing of the state s water regulations cross referenced to appropriate agencies and a glossary of water terms the handbook offers a key to understanding how we use this precious and scarce resource it will be valuable to a range of readers from oregonians seeking interesting facts about their state s water riches to water specialists and users in need of a handy reference to oregon s water law book jacket

dr flynn covers all of the above questions and more in his new book the blame game a must read for anyone interested in environmental issues in ireland ireland s record in the field of environmental protection is one of the worst in europe and this book explores the reasons why it examines the evolution of irish environmental policy over the so called celtic tiger years of ireland s economic boom while looking to the future as well it considers why ireland s environmental performance has been so lacklustre during this period and what scope exists for improvement the emphasis is placed primarily on institutional aspects of irish environmental policy in particular this book offers a strong critique of the current irish style of reaching environmental decisions an excessive dependence on legal instruments and a weak irish local government system the author further argues that ireland has developed an institutional style of policy making

that urgently needs reform he suggest a number of discreet but related problems that need to be understood and addressed these include an excessive adversarial style of interaction between environmentalists the irish state and business the blame game described in the title also fatal is a complacency among the irish policy elite who have chosen to downplay environmental problems and continue to think of environmental policy as merely about corrective regulation rather than adopting the wider and more ambitious vision of sustainable development individual chapters cover a range of topics and the book will appeal to readers interested in comparative environmental policy and politics the role of institutions in environmental policy making or indeed anyone keen to understand the post celtic tiger politics and society of an ireland in transition Ã Â Ã Â

this journal attempts to fill a gap between the general interest press and other academic economics journals its articles relate to active lines of economics research economic analysis of public policy issues state of the art economic thinking and directions for future research it also aims to provide material for classroom use and to address issues relating to the economics profession
