harvard business school's michael roberto draws on powerful decision making case studies from every walk of life showing how to promote honest constructive dissent and skepticism use it to improve decisions and align organizations behind those decisions learn from disasters like the space shuttle columbia and jfk's bay of pigs invasion from successes like sid caesar and bill parcells from george w bush's decision making after 9/11 roberto complements his compelling case studies with extensive new research on executive decisionmaking discover how to test and probe a management team when yes means yes and when it doesn't and how to build real consensus that leads to action gain important new insights into managing teams mitigating risk promoting corporate ethics and much more

jeremy maggs has been a journalist and a television and radio presenter for over 30 years with a front row seat to major news events in the run up to and during the birth of south africa's democracy and beyond he was also the host of the hugely successful television show who wants to be a millionaire and so became a household name he has worked with some of the country's most respected journalists interviewed many famous people from around the world and been at the forefront of developments as the craft morphed into a social media hydra from nelson mandela's release from prison to his death in 2013 and throughout the many political and news events that have gripped south africans jeremy has been in the thick of the newsrooms that covered the stories written in an engaging and self-deprecating style this book is an unexpectedly funny and candid behind-the-scenes account of what was unfolding in those newsrooms as the stories broke peppered with anecdotes around those involved in making those stories happen

in this sweeping critique of how managers are educated and how as a consequence management is practiced henry mintzberg offers thoughtful and controversial ideas for reforming both the mba trains the wrong people in the wrong ways with the wrong consequences mintzberg writes using the classroom to help develop people already practicing management is a fine idea but pretending to create managers out of people who have never managed is a sham leaders cannot be created in a classroom they arise in context but people who already practice management can significantly improve their effectiveness given the opportunity to learn thoughtfully from their own experience mintzberg calls for a more engaging approach to managing and a more reflective approach to management education he also outlines how business schools can become true schools of management
